

Indian Institute of
Information Technology
Kottayam

Admissions Open

M.Tech in AI and Data Science, Cyber Security

(FOR WORKING PROFESSIONALS)

About The Programme:

The Indian Institute of Information Technology Kottayam (IIIT Kottayam), an Institute of National Importance established under the Ministry of Education, Govt of India, invites applications for the following PG programmes

- M Tech for Working Professionals in **Artificial Intelligence and Data Science**
- M Tech for Working Professionals in **Cyber Security**

at the **off-campus centre, Thiruvananthapuram** during **January 2022**.

The M.Tech programmes for working professionals are **self-paced** programmes of 60 credits each that can be taken over **3 to 5 years**. The number of credits earned by the candidates in these M.Tech programs is equivalent to the number of credits needed to be earned by the students of a full-time M.Tech programme.

Programme Highlights:

1. Prepare students for the most lucrative careers in Cyber Security, Data Science, Data Engineering and Advanced Analytics.
2. Proficient Faculty members with Research & Industry Experience.
3. Benefit from Case Studies, Simulations, Virtual Labs & Remote Labs and apply concepts to simulated and real-world situations.
4. Encourage and prepare engineers to present journal or conference publications during the programme period.
5. The project work enables students to apply concepts and techniques learnt during the programme.
6. Continuous Evaluation System that assesses the learners over convenient and regular intervals.
7. **Course break** is possible for those who go for an onsite job.
8. Can be extended to an integrated PhD programme.

Eligibility Criteria:

1. The candidate must have a minimum of one year of work experience in Industry/R&D/Academics and must be employed at the time of applying. Only the work experience acquired after the award of the qualifying degree will be considered.
2. The candidate must have a B.Tech /BE /AMIE degree in any discipline or MCA or MSc / MS degree in CS /IT / Mathematics/ Physics/Statistics. The candidate should have scored at least 60% aggregate in the degree examination.
